

Sinclair Broadcasting is planning on requiring its stations to air a one-sided program entitled "Stolen Honor" two weeks before the presidential election. Programs that favor one candidate over another are dangerous to our democracy. Sinclair Broadcasting uses publically owned airwaves, and is apparently airing this program for political and corporate self-interest.

If this is not the case, then Sinclair Broadcasting should air a program like "Going Upriver," that portrays Kerry in a favorable light. Give equal time to our candidates. Please stop them from airing this program. Protect our democracy!
